Dear Members,

a year full of ups and downs, full of twists and turns, a year in which many closed doors were opened again, is coming to an end.

2016 was also an extraordinary year for the chamber. Now, 2017 is ahead of us, and we are ready to face new challenges.

Saying this, I am more than happy to inform you, that the beginning of the new year, is literally also the beginning of a new chapter for AHK Iran. Because we are moving to a new bigger office, where we believe we can serve you more effectively and more efficiently.

Our new office, where we can be at your service from the new year, is located at:  
No.7, 8th St., Bukarest St., Tehran

We will keep you updated with more details accordingly.

With these words, I wish you all a merry Christmas and a happy new year, and look forward to see you all in the next year!

Kind regards

Amir Alizadeh  
Deputy Managing Director  
German-Iranian Chamber of Industry and Commerce
