Dear Ladies & Gentlemen

The 5+1 Countries have agreed on November 24, 2014 on an agreement, the so-called Joint Comprehensive Plan of Action (the "JCPOA") to lift the Iran Sanctions. On April 2, 2015, the P5+1 and Iran, following extensive negotiations, had agreed parameters for the JCPOA. The plan for its implementation, i.e. the lifting of the sanctions, shall be signed on June 30th. It is high noon to get ready to approach the Iranian market and to evaluate your opportunities.

Sesam Business Consultancy together with Meyer-Reumann & Partners have arranged a seminar with outstanding well versed Iranian speakers and cordially invite you to attend their Seminar on

Iran's Opportunities After the Sanctions

Dubai World Trade Club

Thursday, 14.05.2015 from 8.00 am – 12.00 pm

You and your colleagues are cordially invited to attend.

Mrs. Zahra Tahsili of M&P Iran Office will elaborate on the present **Joint Comprehensive Plan of Action** of the 5+1 Countries. Does Iran's economy return to the international market? What is the schedule? Where are your opportunities?

Mr. Masoud Vakili of the Trade Promotion Organization of Iran. Mr. Vakili is well versed of the need of the Iranian Market. His presentation is most helpful for anyone who intends to share in Iran's upswing.

Mrs. Farideh Tahzibi is an Iranian banker and well versed with the Iranian banking system. She knows the difficulties of the Iranian financial system during the sanctions and appears qualified to talk about the course changes when the sanction will be lifted.
